

Re-enrollment Form

A student who has been dismissed from the university may fill out the Re-enrollment Form to be readmitted. In order to be considered for readmission, the student must submit a written petition which describes the changes in behavior or circumstance that will result in improved academic performance.

The readmission petition must be forwarded to the Chief of Academics at least two weeks before the beginning of the semester for which the student requests readmission. The Chief of Academics and the Registrar will determine if the student has demonstrated likelihood for future success in the program of study. If not, the student will not be readmitted.

Student Name:
