5. Mentora College Administration: Who To Go To For...? Assistance

Director of Mentora College

The Director of Mentora College manages all school operations such as student affairs (admission, enrollment, complaints, facilities, maintenance, pathway agreements, etc.). If you have any questions or concerns, you can meet with the Director on the 9th floor, office 908.

Academic Director

The Academic Director handles all academic issues with teachers, classes, curriculum, course materials, and the general classroom environment. The Academic Director takes all necessary actions to support the students' success and fulfill their expectations in language learning by overseeing the delivery of the program, gathering feedback from students and teachers, and conducting class observations, etc. You can meet with the Academic Director on the 3rd floor, office 306.

Student Services

The Student Service Department assists students with information about career services, student housing, health insurance/mental health services, student activities and field trips, Diversity, Equity & Inclusion (DEI), I-20 updates, and UPass information. You can meet the Student Service Director on the 7th floor, office 713.

Health Insurance

Mentora College recommends obtaining adequate health insurance for your stay in the US, as healthcare and prescription medicine can be very expensive. Without health insurance, if you get injured or sick, you will have to pay for expenses out-of-pocket. Mentora College can assist you in obtaining a health insurance plan geared specifically towards international students. Remember that health insurance in the US does not cover preexisting conditions until after you've had the insurance for at least one (1) year. If you do decide to purchase health insurance, remember to carry your card with you at all times. Please see the Student Services office for more information.

Housing Services

Mentora College offers limited housing services. We are aware of the difficulties that students face when trying to arrange accommodations. Therefore, we help our students by providing them with assistance according to their needs. Any student who signs up for Mentora housing will be required to abide by the Mentora College housing policies. For more information, please contact the school or StudentHousing@bau.edu

In addition to our housing options, our staff can also give limited help in locating private accommodations for students. However, Mentora College takes no responsibility for locating housing for students. Students should seek out housing options before arriving.

Designated School Official (DSO)

The DSO handles all immigration matters, including handling your I-20, communication with USCIS and SEVP, and student immigration documents. If you have any questions or concerns about any of these, you can meet with the DSO on the 9th floor, office 906.

Student Admissions Officers

The Student Admissions Officers assist students with information about school programs, enrollment, acceptance to the school, registration and payments upon entry to Mentora College. Additionally, the Students Admissions Officers process students' requests for any official letters or certificates, issue ID's, accept doctor's notes, monitor student travel plans, and oversee students' attendance. If you have any questions or concerns about any of these, you can meet with the Admissions Officers on the 9th floor, office 910.

6. Communication

Mentora College uses email to communicate with students. As a Mentora College student, please make sure you have a current email address that you regularly check. Information about your class placement, conflict resolutions, school events, school closings, and many other things will frequently be emailed to you. It is important to read those emails. Additional information regarding various events is also posted on our social media: @bau_dc and/or @mentoracollege.

7. Student Complaints

It is Mentora College policy to attempt to resolve problems quickly and fairly. There will be no retaliation or ill-treatment towards any person submitting a complaint. Any school-related problems should be brought to the attention of the administration as soon as they arise. Mentora staff is encouraged to resolve complaints and issues promptly and with discretion. Please see <https://bau.edu/student-complaints/> for the information and to get a complaint form or ask the Admissions officers.

Types of complaints:

- 1. Academic complaints** are those a student or a teacher may have relating to student or teacher conduct, academic integrity or policy, or anything else pertaining to the academic structure of the school. These complaints must be brought directly to the Academic Director.
- 2. Administrative complaints** may be lodged by students, faculty, or staff about non-academic issues such as services, admissions, etc. These complaints are taken to the Director.

The complaint form is available from reception. A resolution may take the form of a warning letter, a verbal or written reprimand or apology, remedial academic assignments or professional training, or other.

Documentation and confidentiality

If a complaint is made against a faculty or staff member, it will be filed in the member’s personnel file. To maintain confidentiality, complaints against students will be kept secure in the Directors’ office not in the student’s file. Instead, a notice of complaint will be stored in the file omitting the nature of the complaint.

9. Examinations

a) Placement Test

Before starting courses in Mentora College, the students are required to sit for the **Mentora College Placement Test** in order to be placed into their appropriate level classes. The Placement Test evaluates each student's grammar, vocabulary, reading, and writing skills. The time allotted for the test is 120 minutes.

The levels of the Mentora College program are described in accordance with the Common European Framework Reference (CEFR) scale and our assignments, assessments, texts, and materials align with themes and subject matters appropriate for each level.

Initial placement in our curriculum is determined by our placement test which is included in the registration fee. New students must arrive at school at least **three** business days before the start of class in order to register and take our placement test.

The Mentora College Academic Team will use the placement Test score to determine the appropriate class level for the student (please see the next page for the CEFR level descriptions). If the student does not take the placement test at least three business days before their start date, there is no guarantee that the student will be placed into the appropriate level. Sometimes there are not enough students to open a class, in which case a student will be placed in the closest level with the student's consent.

An exemption is given to students who have taken the IELTS or TOEFL tests and can present Mentora College with their scores. In these cases, students can be placed based on their proven scores in either of these tests.

However, if there are no openings or a class is not available, **students will be placed based on their appropriate level, not their preferred time schedule.**

Retaking the placement test: In order to retake the placement test, students must first get the Academic Director’s approval and pay the Placement Test Fee. The decision to allow a student to retake the test will be handled on a case-by-case basis.

Change of Class Procedure

If the student wishes to move to a different level, the student must fill out a Change of Class Request Form from the Admissions Officers. A student must produce a written reason for wanting to change his or her class. All Change of Class Request Forms will be given to the Director and Academic Director for consideration. Following this, the directors will meet with the student to determine if a class level change is appropriate. The Director of Mentora College and Academic Director will then either approve or deny the request in conjunction with the Academic Team’s recommendation. Approvals may be picked up from the Admissions Officers.

b) Level Exams

The progress of learners is measured through the following assessment tools:

ASSESSMENT TOOLS	BREAKDOWN
WEEKLY PROGRESS CHECKS Quiz 1: Grammar & Vocabulary Quiz 2: Speaking (Collaborative Task) Quiz 3: Writing	10%
End of Level Writing Exam	20%

- End of Level **Module Exam** (50%): It checks the grammar, vocabulary, reading, and listening.

c) Achievement Scale and Its Interpretation

Level Achievement Scale **Interpretation**

Incomplete:

Overall grade: 20 and below

Your grades fail to show any attempt to meet the necessary requirements and, due to lack of attendance, you did not take the majority of the assessments for the course. As your grades clearly does not indicate even a basic grasp of the level objectives, you will need to repeat the same level. You can only gain the necessary knowledge and skills upon repeating the level if you attend classes regularly, study hard, and make use of all the support systems the program provides you.

Fail:

Overall grade: 21-64

Your grades fail to show any evidence of the achievement of the level objectives to continue to the next level. As your grades do not indicate even a basic grasp of the level objectives, you will need to repeat the same level. You can only gain the necessary knowledge and skills upon repeating the level if you attend classes regularly, study hard, and make use of all the support systems the program provides you.

Borderline Pass:

Overall grade: 65-69

You have partially achieved the objectives of the course. Although your final exam grade is not a pass grade, you may be allowed to move on to the next level due to your efforts and your performance within the term. You will be given a supplemental test. Your grades indicate that you have the potential to be successful in achieving the objectives of the new level and we will be supporting you by providing you one-to-one tutorials each week in addition to your regular program. If you attend classes regularly, study hard and make use of all the support systems the program provides you, you can pass the level.

Average Pass:

Overall grade: 70-80

Your performance is of a satisfactory nature. Your grades and achievement demonstrate sufficient achievement of the level objectives in order to continue to the next level. Your grades indicate that you can be successful in achieving the objectives of the new level if you attend classes regularly, study hard and make use of all the support systems the program provides you.

Merit Pass:

Overall grade: Above 80

Your grades and achievement demonstrate a strong achievement of the level objectives, a high level of attainment, and full readiness to continue to the next level. Your success is a promising sign that you will be highly successful in achieving the objectives of the new level if you complete all the course requirements.

d) Student Progress (SAP) Policy

Mentora College defines SAP as receiving a passing grade, of at least 70% in a class. Students need to show that they have mastered the necessary skills to be successful in the next level.

Mentora College strives to provide students with the necessary tools to achieve academic goals. There are two ways in which the school helps ensure students are able to show SAP.

- Weekly Progress Check Quizzes are administered throughout each session and it helps see the students' progress before they sit for summative assessment tools (End of Level Exams) implemented in the last week of each session.
- Teachers encourage the students to attend tutorial classes offered all day on Mondays.

e) Individualized Supplementary Test for Extra Credit (SAP)

- After students have completed all parts of the exam, on the last day of the session their final grades are calculated. Teachers compile reports for each student and takes note of students who were unable to reach a grade of 70%
- Students, who are unable to achieve a passing final grade of 70%, will be reviewed by the academic team to assess the students' progress in order to maintain SAP.
- Students who receive between a 65-69% final grade are eligible for and will be offered the opportunity to complete an individualized supplementary test which is called "SAP". If they choose to accept, this assessment will be designed by their teacher to focus on areas from the *Listening, Reading and Language Use* part of the exam that the students struggled with. These assessments give the students an opportunity to demonstrate that they have mastered the necessary material to pass the class and be placed in the next level.

f) For Students Who Fail to Show Satisfactory Progress

What happens if a student has less than a 65%?

Students who do not pass the class and have a final grade of less than 65%, will not be eligible for the extra credit opportunities and will be required to repeat the level. These students will be recommended to participate in the peer mentor program for additional academic support as well.

What happens if the student fails a second time?

In order to ensure satisfactory academic progress, a student fails the same level consecutively, and again does not achieve the 65-69% final to qualify for the supplemental extra credit, will be **required** to attend Monday tutorials and complete additional assignments in addition to re-taking the level.

Additionally, these students must meet with the Academic Director to go over their academic record. At the conclusion of this meeting the student will also receive the Satisfactory Academic Progress Acknowledgment form, in which the students acknowledge that they are aware of and accept the recommendations and decisions of the Academic Team.

What happens if a student fails a class three times – failing to show SAP?

Students who have failed a class three times, attended the private tutoring classes, and have been offered all additional support, need to meet with the Academic Director and **will** be recommended to transfer out to another language program if they do not show effort to improve their study habits.

Where will the records of all actions to ensure SAP be kept?

All records of the results and evidence of any action taken to ensure satisfactory academic progress will be kept digitally.

g) Make-up Exams

With the consent of the Academic Director or the Director of Mentora College, a student may make up the test if they meet the following conditions:

- If the student misses the test due to illness from school and can provide a doctor's note
- If special conditions affected the test day, such as a family emergency or disruption of the test.

Eligibility for these conditions is to be decided by the management. Students are not automatically granted a make-up but may meet with the Academic Director to determine whether they are eligible. If eligible, a make-up fee of \$45 per exam will be charged.

Students *may not* make-up the final exam because they are unsatisfied with the results on the exam.

h) Important Rules about the Exams

What happens if a student arrives late to the exam?

1. If a student arrives less than 30 minutes late to the exam, they may sit for the regularly scheduled exam. However, the student is not eligible to take the make-up exam. The Teacher will not play the listening section again for the late student. If a student is more than 30 minutes late for an exam, they may not sit for the exam and will receive a grade of zero.

Who assess the students and when are the formal assessments?

1. All exams are graded and recorded by the student's teacher.
2. All exams are conducted in the final week of the class.
3. Students are required to take the exam with their teacher in their assigned classroom and schedule.

What happens if a student misses an exam?

1. Students are not automatically granted an opportunity to make-up a missed exam. However, whether eligible or not, a student may meet with the Academic Director.
2. With the consent of the Academic Director and the Director of Mentora College, a student may make up an exam **only** if they have a doctor's note. Exceptions to this rule are made if there is a valid emergency and will be considered on a case-by-case basis and students may be asked to pay a Make-up Exam Fee.
3. It is the student's responsibility to seek permission to take a late exam – all late exams must be completed before the student can be enrolled for the next session.

What happens if the student believes they were graded unfairly?

1. Students who believe they were graded unfairly need to fill out an Exam Review Request and submit it to the Admissions team. Upon receiving the request, the Academic Director will choose a member of the Academic Team to review the exam.
2. Students **may not** retake an exam because they are unsatisfied with their results.

10. Class Attendance Policies

1. Students are expected to come to class on time and be prepared each day. The class schedules (*e.g.*, lesson start, end, and break times) are found on the walls of the classrooms.
2. If attendance or tardiness becomes a problem, a consultation between the teacher and the student will be arranged to remedy the situation.
3. Students may not be absent more than 20% of the total class time during one (1) session unless they have a valid medical excuse that can be confirmed, in writing, by their doctor. Being late to class or leaving early is included in the absence calculation. The following policy applies to lateness and absences:

5 Day AM/AFT Classes:

15 minutes late for the first lesson	= 1 Late
Returning 10 min. late from break	= 1 Late
Missing more than 15 min. of any lesson	= 1/3 Absence
3 Lates	= 1/3 Absence
4 Absences	= Warning Letter
5 Absences	= Probation

4 Day PM Classes:

15 minutes late for the first lesson	= 1 Late
Returning 10 min. late from break	= 1 Late
Missing more than 15 min. of any lesson	= 1/3 Absence
3 Lates	= 1/3 Absence
3 Absences	= Warning Letter
4 Absences	= Probation

Intensive 2 Day Program:

15 minutes late for the first lesson	= 1 Late
Returning 10 min. late from break	= 1 Late
Missing more than 15 min. of any lesson	= 1/5 Absence
2 Lates	= 1/5 Absence
1 Absence	= Warning Letter
2 Absences	= Probation

4. The ONLY excused absence accepted by the US government is an official note from a licensed doctor. An official note from a doctor must be provided within 48-hours of returning to school. Notes provided more than 48-hours after returning from school are accepted.
5. A probation letter will be given to the student when a student exceeds the allowed number of absences depending on the schedule in which they are enrolled.
6. Any additional late arrivals, early departures, and/or absences while on Attendance Probation will result in the termination of the students' I-20 from Mentora College.

11. Maximum Program Completion Time Policy

Effective June 1st, 2024, students enrolled in the Mentora Intensive English Language Program are expected to complete their course of study within a maximum of 24 months from the start of their enrollment. This time frame includes all academic levels and accounts for any repeats of courses or levels due to insufficient academic progress.

Completion Time Breakdown

- The Mentora IELP is designed to be completed in **nineteen (19) months** for students making normal academic progress
- Students who require repeating levels due to failing grades are allowed an additional **five (5) months**, bringing the maximum total enrollment period to **24 months**.

Consequences for Exceeding Maximum Time Limit.

1. Academic Consequences

- Students who fail to complete the program within **24 months** will be placed on **Academic Termination** and will no longer be eligible to continue their studies within the Mentora Intensive English Language Program.
- **Academic Termination** may occur earlier if a student has exceeded the repeat policy as outlined in the Student Handbook (i.e., failing more than three levels in a row).

2. Immigration Consequences

- Students on an F-1 visa who do not complete their program within the **24-month maximum** will be considered out of status and reported to SEVIS (Student and Exchange Visitor Information System).
- Students must transfer to another institution or depart the United States in compliance with immigration regulations.
- Failure to maintain status will lead to termination of the student's I-20 and F-1 visa.

3. Student Support and Counseling

- Students approaching the **24-month maximum** will be notified and required to attend a meeting with an academic advisor to discuss their options.
- During this meeting, students will be advised on transferring to another program or institution if they are at risk of exceeding the maximum completion time frame.

12. Mentora Plagiarism Policy

Mentora College holds its students to high standards of academic honesty. Students are expected to submit original work using their own ideas and words. Examples of plagiarism include, but are not limited to:

- Cutting and pasting an Internet source

- No in-text citations
- No bibliography provided
- Copying another student's work
- Re-using work from a previous class
- Use of ChatGPT or other artificial intelligence

1st Offense: The student will lose 50% of their assignment grade. The student will be given another chance to do the assignment under the supervision of the teacher. The original grade and the make-up grade will then be averaged together and applied to the student's grade for the class.

2nd Offense: The student will receive a zero (0) and a warning letter for Academic Performance. The student will be placed on probation.

3rd Offense: The student will receive a zero (0) and face termination of his/her I-20 Form.

***ESL 600 class explicitly teaches the rules of plagiarism, therefore, instances of plagiarism in this class will be considered more seriously by the teacher.

13.No Cheating Policy

1st Offense: Verbal Warning – Student will be given up to 2 verbal warnings by the teacher before they are removed from the class. Student will receive 0% on their exam.

2nd Offense: Student will receive 0% on their exam along with a written warning letter from the Academic team.

3rd Offense: Student will receive 0% and their I-20 will be terminated.

All offenses will be properly documented by teachers and the admissions. Teachers will be responsible for writing an incident report and Admissions will follow up with the warning letters prepared by the Academic Team.

14. Student Conduct Policies

Mentora students will not discriminate against any other student based on race, gender, religion, nationality, or sexual orientation. Such behavior, either in the classroom or in student dormitories, will result in a warning letter being issued.

While Mentora College respects students' right to self-expression, students at Mentora are expected to dress appropriately for the learning environment.

Students are expected to be courteous and respectful to fellow classmates and instructors. Students who are consistently disruptive in class and/or to teachers will receive a written warning. If the situation does not improve, their I-20 can be terminated. This decision will be made on a case-by-case basis.

Students who reside in Mentora College housing are required to abide by all housing policies. Misconduct in student housing will be treated with the same seriousness as misconduct in the school building.

Students may be *immediately terminated* from the program under the following circumstances:

- Failure to enroll and register for each session on time.
- Failure to meet F1 attendance requirements.
- Intentional damage to Mentora College property or other students' property
- Failure to show academic progress.
- Disruptive, insulting, and/or offensive behavior to other students, teachers, or members of the administrative staff
- Any act of violence

15. Academic Field Trips

At Mentora College, we encourage our teachers to take students on field trips that are relevant to the material they are learning or that provide students with an opportunity to practice acquired language skills. For each of these trips, students are expected to sign a waiver acknowledging that Mentora College is not responsible for any damages that may occur while participating in the field trip. Teacher-led field trips will vary from class to class and teacher to teacher.

16. Transferring Out

1. Students who would like to transfer their academic records to another school should have studied at Mentora College for a minimum of three sessions and be in good standing (not on probation). This kind of transfer is called “In Status” and, to be eligible, students must abide by all school and federal regulations, including being in good academic, attendance, and financial standing. Please note that this does not pertain to your immigration record.
2. Students wishing to transfer out before finishing their initial three sessions (three months) must pay an Early Withdrawal Fee that is equal to three months’ tuition. This fee only needs to be paid for students who have not completed the initial three sessions (three months). The due amount required to be paid is subject to change based on which session the student wishes to transfer out.
3. Students wishing to transfer to another school must inform Mentora College administration before the last week of the current session in correspondence with the deadline communicated by administration. This means that Mentora College must receive the student’s letter of acceptance and transfer form from the transfer in school before the last week of the current session in correspondence with the deadline communicated by administration. Students who request to transfer to another school after the deadline communicated by administration must pay a Late Transfer Fee that is equal to their tuition for one (1) session (one (1) month).
4. Students must be currently attending class to transfer their academic records. They may not transfer “in-status” while taking time off or immediately after coming back from time-off. All students must study one complete session (one (1) month) after coming back from time-off to be eligible to transfer out or pay an amount equivalent to one session’s (one (1) month) tuition if they wish to transfer immediately after coming back from time-off to be transferred out “in-status”. All students returning from a time-off and wish to transfer out, **must** pay an amount equivalent to one (1) session (one (1) month’s) tuition OR they **must** complete one (1) full session to be transferred out.
5. To be eligible to transfer, you must consistently maintain F-1 status and follow the correct transfer procedures. To maintain your status at your current school, you must continue attending all your classes while you are waiting to transfer. For an F-1 student, that is until your transfer release date. Your transfer release date is the day on which the Designated School Official (DSO), at your current school, transfers responsibility for your Student and Exchange Visitor Information System (SEVIS) record to your new school.

Students are expected to understand the Transfer Out policy. If you have any questions about this policy and/or terms: “In Status,” “Terminated,” or “Early Withdrawal” at any time, please speak with the Admissions Officers or Director of Mentora College.

17. Time Off

To comply with US SEVIS regulations, a student is eligible to take time off after twenty-six (26) consecutive weeks of study.

1. A student may request time off once they have studied twenty-six (26) consecutive weeks. If the request is approved, the student will be allowed for one (1) session equivalent to twelve (12) weeks off. Time-off is **NOT** cumulative.
2. Time Off does not roll over/cannot be saved up and therefore students are only able to take off up to twelve (12) weeks.

To approve a Time Off Request, the Director of Mentora College will consider:

- Be in good standing and in compliance with Mentora's attendance and academic policy.
- To Be in good financial standing.

Students enrolled in the ESL program must submit a Time Off Request Form to the admissions team by the end of the 3rd week of their current session in correspondence with the deadline communicated by administration.

18. Tuition and Books

1. Payment due dates
 - a. F1 Students: Tuition for the **following session** is due on the fourth week of the current session. Students who do not pay by this date will not be enrolled in class for the next session until payment is received in full.
 - b. Students are allowed to discuss a payment plan with the Director of Mentora College, and they will pay a late fee. The payment plan for the following session should be also set up before the end of the current session.
 - c. Non F1 Students: Tuition is due on or before the first day of classes. There is no late fee, but students may not enter class until all tuition is paid. Students are welcomed to pay in advance to reserve a place in a class.

Washington, D.C. has some of the best public transportation in the country. There is an extensive Metro and bus system. Washington, DC is served by three international airports: BWI, IAD, and DCA. DCA is the closest airport to Mentora, but most international flights arrive at IAD.

Cars are available to rent, but can be quite expensive, especially for drivers under 25. If you plan to drive while you are in the United States, there are a couple of things to know:

- Before leaving your home country, you will need to get an international driver's license and/or a certified translation of your home country's driver's license into English.
- If you decide to buy a car while in the United States, you will need to get a driver's license for the state in which you reside. You cannot use your international driver's license if you own a car.

- If you plan to drive while in the United States, please familiarize yourself with the rules of driving. Traffic and parking laws are strictly enforced. For more information visit <http://www.dmv.state.va.us/webdoc/pdf/dmv39.pdf>
